EOM	FOIA	2017-FOIA-04109	6/1/2017	On Thursday, May 29, 2017, HHS conducted an eradication of the homeless encampment which is a bus shelter at Mass Ave and New Jersey Ave NW (at the Douglas Development Building) according to Elizabeth Horen with whom I spoke on May 31, 2017. The woman who occupies the encampment resumed residence at the bus shelter only hours after it was cleared and Ms Horen verified to me when we spoke on May 31, 2017, that HHS is aware that she is refusing to vacate the bus shelter. I am the individual who initiated the classification of the shelter as a homeless encampment by the Mayor's Office. I have also received an email from Morgan Kane Commander of the First District that EOM and HHS is working with MPD to a solution to the problem this woman is causing by her refusal to move from the bus shelter and Ms Horen indicated to me that it was determined that this woman did not qualify for an FD-12 proceeding as she was not a threat to herself or others and that this woman has represented to be a retired MPD Officer. She has threatened me in the past when I attempted to use the shelter to the extent that I am fearful of using the shelter and has threatened others. I wish to obtain the after action report from the shelter cleaning of May 29, 2017 specifically who determined that an FD-12 proceeding was not appropriate and what criteria was utilized during this assessment. I also wish to obtain this woman's name and the names of the DC agency officials who were present at the shelter when it was cleaned on May 29, 2017, and if HHS has information that this woman is a retired MPD officer. Finally, I wish to obtain information relating to what action HHS intends to take next in order to eradicate this encampment in that Peter Newsham and Morgan Kane has both stated to me that criminal charges will not be filed against this woman. Thank you for your prompt response and time is of the essence in this matter.

EOM	FOIA	2017-FOIA-03255	4/20/2017	This letter constitutes a request under the District of Columbia Freedom of Information Act ("DC-FOIA"), D.C. Code § 2-531 et seq., and is submitted on behalf of the Stewart Title Group, LLC and the Law Offices of R. Bradley Runyan. By this letter, I am requesting all documents, records, and correspondence, electronic or otherwise, including any statistics, studies, or reports, regarding: Any documents showing then Mayor, Marion Barry, in regards to the passage of the 1980 Rental Housing Conversion and Sale Act, superficially regarding the Tenant Opportunity to Purchase provisions, often referred to as TOPA. As well as any statements or discussions showing what the intentions of the mayor and the city council were during this period in reference to the original TOPA statute. Please note that I understand that the documents requested are old and may not be easily accessible. I am not asking you to dig into the catacombs, so to speak, but only provide those documents that you can access without killing yourself or the mayor's employees. This is for an article I am writing about the original intentions of the statute and whether those intentions have been achieved by the TOPA statute. If you determine that any requested record or portion thereof will not be disclosed, please provide access to the non-exempt records and to the non-exempt portions and provide a detailed description of each record or portion thereof not disclosed, and a statement describing the basis for not disclosing each record or portion thereof.
EOM	FOIA	2017-FOIA-03354	4/27/2017	Requests to OPC and MPD for plans for the evaluation of the effects of MPD body-worn cameras (BWC) have gone unanswered. It appears the new analysis unit in the Office of the City Administrator called TheLab@dc may have taken over the study (called for by statute to be done by OPC and also mentioned in the MPD first statutory report.) Such studies are in the public interest, and their plans for data-collection and analysis should see the light of day. Accordingly I repeat my request sent originally to others but as yet unanswered: Request: please provide (1) the study design or plan, (2) data collection instruments in use in the study, (3) any record identifying the principal investigator and performing organization that is doing the study, and (4) any interim or progress reports -- all related to the MPD study of the results of equipping patrol officers with body worn cameras. Background: The study, apparently under way since 2015, is referred to on p.1 of the October 2016 report on the MPD body-worn camera program, as follows: "This deployment was designed by a team of national researchers who will analyze the impact of body-worn cameras on such issues as citizen complaints, use of force, and other measurable outcomes. The lessons and findings of this evaluation will benefit District residents , MPD, and law enforcement agencies and communities across the country that are also considering the use of body-worn cameras." If the EOM will respond in full, you may notify MPD, which is processing my request under FOIAExpress request number 2017-MPD-2404, also the subject of a pending appeal because of unexplained delay. (OPC already responded saying they have no records, apparently as their statutory assignment of the study has been transferred.) If work is being done under contract (University of Arizona, outside reviewers, etc.) I also request copies of the relevant records including scope of work, deliverables, schedule and any correspondence. (Date Range for Record Search: From 09/01/2014 To 04/28/2017)

I also wanted to ask that you provide, pursuant to the provisions of the District of Columbia's Freedom of Information law, a copy of Althea Holford's employment contract with the DC government, including any portion that prohibits work after leaving the employment of the deputy mayor for education. Code Secs. 2-531 to 2-540, we write to request access to any and all emails exchanged between Max Brown and the Executive office of the Mayor, including the Deputy Mayor's office for Economic Development. EOM	FOIA	2017-FOIA-02614	3/22/2017	To Whom It May Concern: Under the District of Columbia Freedom of Information Act § 2-531 et seq., I am requesting an opportunity to inspect or obtain electronic copies of the email addresses on the District of Columbia's news (press) release distribution list that the Office of the Mayor uses to electronically distribute news (press) releases as of the date of this request. If there are any fees for searching or electronically copying these records, please inform us if the cost will exceed \$50. However, we would also like to request a waiver of all fees in that the disclosure request is being made by a member of the media for a news-gathering purpose and would likely contribute significantly to public understanding. As established by the U.S. Court of Appeals for the District of Columbia Circuit, a "representative of the news media" is entitled to a waiver of all costs except for copying 552(a)(4)(A)(ii)(II). We are not requesting any paper copies. To qualify for such a waiver, the court found a requester must "(1) gather information of potential interest (2) to a segment of the public; (3) use its editorial skills to turn the raw materials into a distinct work; and (4) distribute that work (5) to an audience." This requester meets all five tests established by the Court. The District of Columbia Freedom of Information Act requires a response within 15 business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify us of the appeal procedures available to me under the law. Thank you for considering my request.
